

Upcoming Sibshop Dates

The Pervasive Parenting Sibshops are designed to help children in eastern Oklahoma cope with the stress of having a sibling with a disability. Meetings are held monthly throughout the area, and are open to children ages 6 to 15.

The meetings will be held at D&D Counseling, 3111B N. Broadway, Poteau, OK.

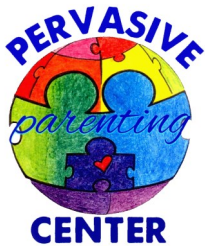

Dates include:

November 22, 2014

February 28, 2015

March 28, 2015

April 25, 2015

This is a free service and is open to siblings of children with any disability.

The children participate in games, crafts, and other activities throughout the day. They are also served lunch, and get to socialize with other children who are going through similar issues. The games are designed to be fun as well as allow them to open up about the problems they may have at home. It also gives them a chance to see the positive sides of having a sibling with a disability.

Sibshop is a national program created by Don Meyer as part of the Sibling Support Project. There are currently 340 Sibshops in eight countries.
